**PREMIUM
FAVA-BEANS**

We are your responsible supplier of high-quality pulses from Germany

FUN WITH THE PRODUCT

THE VERY BEST QUALITY IS JUST ENOUGH

Gapless transparency all the way to the origin are just as important to us as a very strict permanent quality management - this on every single production step.

YOUR NEW PARTNER!

The roots of our young and growing company lies in the agricultural production and trade.

Our production site lies in the heart of a significant bean cultivation area close to the North Sea.

Our beans ripe in ideal conditions in the sea climate.

We are in direct contact with the producers and can thereby influence and ensure the high quality of our produce.

WHAT CAN WE DO FOR YOU?

We use highest standard sorting- and packaging-technology at our production site - and can adjust to your individual wishes.

The FAVA-TRADING offers:

- Fava beans pure ware in HPS-quality
- Peeled and split Fava beans
- Diverse other pulses
- By request other refined products like flour, wholemeal and oats can be offered
